NUTRITION REPORT ON HEALTHY DIETS FOR CATERERS IN ELLEMBELLE IN CHARGE OF SCHOOL FEEDING PROGRAMME.

1.0 Introduction

On 20th October, 2022 the Environmental Health Unit in collaboration with District Focal person for school feeding program organized a one-day training for caterers with Ellembele District at Aiyinase Catholic School, on the need to ensure that the school children are fed with the necessary balanced diet for growth and development. In all 15 caterers participated.

During the training process.

During demonstration.

1.1 Challenges

The caterers complained bitterly about delay in releasing fund to enhance their work

2.0 Conclusion

In spite of the above challenge, the training went well as the women were really interested to study and to improve their diets.
